Subject: Media request re CFAC cleanup site

Could you let me know the official names and titles of the people who signed the administrative order on consent between the EPA and the Columbia Falls Aluminum Co. for the remedial investigation of the CFAC smelter site when it's completed and signed off? I understand it might become effective fairly soon, if not already. I would like to know the names, titles and parties they represent, for example EPA, CFAC and Glencore. Thanks for the help.
